THE RIGHT TO SELF DEFENSE: New Jersey Statutes 2A: 113-6:
 "Any person who kills another by misadventure, or in his or her own defense, or in the defense of his or her husband, wife, parent, child, brother, sister, master, mistress or servant, or who kills any person attempting to commit arson, burglary, kidnapping, murder, rape, robbery or sodomy is guiltless and shall be totally acquitted and discharged..."

GUNS & POSSESSION: permit necessary, which may be obtained through your home town Police Chief for a \$3.00 fee; you must show "need" and "familiarity" with the weapon; there may be a considerable delay, both Trenton and FBI records will be checked. Warning: possession without permit is a misdemeanor as is carrying in an auto without a permit, likewise, carrying any dangerous explosive or knife in a car is illegal, as is belonging to a "paramilitary organization".

RIGHT TO BEER: the safeguards against arrest, search, seizure etc are not strictly enforced during riots.

YAF SUGGESTS:

- 1) students should not assist those leftist agitators who incite riots;
- 2) Student Council should set up, especially for summer session, a car pool to help stranded students leave Newark;
- 3) the University should announce the closing of classes through radio and TV, and should set up an emergency phone service to inform students of riot emergencies, such a service should be manned 24 hours a day during riots;
- 4) the University community should support the preservation of law and order by all appropriate means.

PROGRESS IS POSSIBLE ONLY IF "LAW AND ORDER" IS PRESERVED!
